20	87	88			
21	88				
If the "Distance # Generated" is greater than or equal to the appropriate wall distance on the "Wall Distance Chart", the result is a Home Run. However if corresponding outfielder is CD:4, he robs Home Run for a deep fly out. If the Distance # Generated is less than the wall distance, the ball is caught on the warning track. (FD7, FD8, or FD9). In all cases, runners advance 1 base.
