

CHART  
for  
SACRIFICE BUNT, SQUEEZE PLAY or HIT & RUN

The use of this CHART is optional with the participants who must decide whether or not they wish to include it before the game begins. The CHART does not have to be used since the game can be played completely without it. For a person unfamiliar with baseball it may at first prove a bit complicated, but for the person familiar with baseball its use will tend to make the game more interesting and realistic.

When the manager of the team at bat wishes to attempt a SACRIFICE BUNT, SQUEEZE PLAY or HIT & RUN, he declares his intention after the Pitcher rolls the DICE. If a "Walk, STRIKE-OUT" or "Batter Out" appears on the PITCHER'S CARD there CANNOT be an attempt of any of the above until the next Batter is up and once again the same procedure is followed. If "Walk, STRIKEOUT" or "Batter Out" do NOT appear on the PITCHER'S CARD, the Batter then rolls the DICE and the appropriate CHART shown below is referred to.

SACRIFICE BUNT

A SACRIFICE BUNT may be attempted with a runner on 1st or 2nd base and also if there are runners on 1st and 2nd base, only if there are less than two out. It may never be attempted if there is a runner on 3rd base.

After the manager of the team at bat declares his intention to attempt a SACRIFICE BUNT (see second paragraph above) he rolls the DICE and refers to the DICE CHART. He does NOT refer to the BATTING CARD but to the following CHART.
