OPTIONAL

The following 9 pages contain my deck of OVERTIME FACs.

They are to be used only for overtime periods and not to be mixed with the regular deck of FACs.

The OT deck eliminates the need to count out 75 cards from the regular deck when the game reaches overtime.

I was going to introduce this deck in 2020, but I retired and never got around to making it available.

Testing has been done using the deck for two seasons of my solitaire league with great results.

I am sure you will enjoy it.
