# Reader

**READERS:** Take advantage of any five of these ASD bi-monthly specials... ASD endeavors to make your subscription more valuable to you with each succeeding issue!

Many readers have objected to using the **Special Coupon** and cutting out what they consider valuable information on the reverse side. To remedy this we are printing coupons back to back for your use so no loss of data or reading material will occur. We are re-printing the coupons for number 138 and 139 with this issue also for your use if you wish to take advantage of the specials in those issues. You may order one or more items with coupon, but no more than five with any one coupon. We are searching for the most attractive and best items for you and hope to have better and better specials in each succeeding issue.

For those of you who do not want to cut up their issue of ASD, just make a copy or close facsimile of the **Special Order Coupon**; making sure that you include the **Special Coupons numbers**—Only one original coupon or facsimile will be accepted per issue for any one individual subscriber! These specials are for ASD subscribers or individual issue purchasers **ONLY!**
